# VENDOR ENRICHMENT CLASSES

## Blackwell PTSA & YMCA

### February 20 – April 27, 2018

**Create with Code-** In this TechVenture Kids after-school Code Club, girls and boys design and program their own games and animations. Kids will be introduced to the core concepts of computer programming using the SCRATCH development platform. With new projects each session, you can express your creativity and advance as a coder. Grades 3 - 5th

**Crazy Chemworks-** The wonders of chemistry are revealed as our junior chemists create surprising concoctions, break molecules with ease and shake up a flask full of fun. Kids will use the tools, safety procedures and laboratory techniques of real chemists as they investigate solids, liquids and gases at the atomic level. They'll craft chemical combinations to create super-sticky-stuff, analyze the properties of light and ooze into the world of polymers. Exploring the elements has never been so much fun! Grades 1 - 5th

**Art Expression -** Art Expression is an 8 week program designed to encourage and further develop imagination, creativity and self-discovery. Children expand their creative interests and expression through the exploration of various art mediums, which may include painting, sculpting, pottery, collage, mosaic, clay, drawing and more. Grades K-5th

**Small Hands on Art -** The Pirate Play a Swashbuckling Melodrama AND an Around the World Games Class: The Pirate Play is a melodrama that all students who sign up will get a part. They will learn about auditioning, rehearsing, singing, acting and dancing on stage. It is funny and we provide costumes, sets, and props. There is a recital for parents and friend on the last day. The Around the World Games class will be offered for the April dates. These are fun games and chants used by children all over the world. This will be a fun outlet for your student to learn how to interact without a video screen and play with others knowing how these games were invented and used for generations. This is a really fun class! Grades K-5th
