

# KID'S UNIVERSITY

## PROGRAMS AT MAGNUSON PARK

### CLASS DESCRIPTIONS: Winter Quarter 2016/2017

#### MONDAY

##### Dodgeball (A) 2:45-4:00

Nothing get the heart pumping like the fast paced action of dodge-ball. Keeping fit has never been more fun and our ultra-soft Gator Balls make sure it's safe for everyone. With dozens of variations to choose from, we'll keep up the excitement all fall.

##### Around the World (A) 2:45-4:00

Students wont just learn about different cultures—they'll see them come to life. Visit a new part of our world every week through language, games ,food, art, and education.

##### Think Tank (A) 2:45-4:00

Designed for those who have homework to complete, or enjoy challenging themselves by completing grade level worksheets, brain games, and reading time.

##### Indoor Soccer (B) 4:15-5:15

We will take this classic game indoors! Enjoy playing soccer and related games in this fun, fast-paced class. All ability levels are welcome.

##### Fuse Beads (B) 4:15-5:15

Those tiny little beads create hours of creative fun. Use a stencil, or create your own unique design to melt into a lasting memory. Each week they will build a new creation based on a fun theme!

##### Outdoor Living Skills (B) 4:15-5:15

Introducing a club for all kids who love to be outside! Students will learn crucial skills for appreciating, exploring, and even surviving in the great outdoors.

##### Puzzle Pros (C) 5:15-6:15

With a wide varizety of puzzles each week, students will get to challenge themselves to finish puzzled with friends! They will even get a chance to create their own puzzles to take home. All skill levels and ages welcome!

##### Space Explorers (C) 5:15-6:15

Get ready to lift off! In this space focused class, students will learn about planets, stars, and all things out of this world.

#### TUESDAY

##### Tag Extravaganza (A) 2:45-4:00

Zombie Tag, Blob Tag, Zebra Tag, and more! There are countless variations in this classic game, and students will run their hearts out each week learning them all.

##### Earth Science (A) 2:45-4:00

Get your hands dirty learning about our planet! In Kids U Earth Scientists, we will build terrariums and volcanoes, learn about rocks, oceans, and the earths atmosphere.

##### Artist's Showcase (A) 2:45-4:00

Instructors and students will choose a new artist each week and emulate their work! Projects are designed to expose children to basic art skills as well as learning more about the perspective of famous artists throughout history.

##### Floor Hockey (B) 4:15-5:15

This popular sport is perfect for our indoor space! Students will learn rules of the game, skills, basic strategy, and of course teamwork!

##### Deal! (B) 4:15-5:15

Playing card games is a great way for children to learn a variety of skills, including math, taking turns, basic strategy and being a good sport. Participants will learn new card games as well as play some of their old favorites.

##### Think Tank (B) 4:15-5:15

Designed for those who have homework to complete, or enjoy challenging themselves by completing grade level worksheets, brain games, and reading time.

##### Teamwork Dreamwork (C) 5:15-6:15

Teamwork makes the dream work! Students will learn the value of teamwork by participating in a variety of team-building games.

##### Rad Readers (C) 5:15-6:15

Stories will be read-aloud each week and students will participate in a variety of activities like character illustration and creating their own adventure.

#### WEDNESDAY

##### Nothin' But Net (A) 2:45-4:00

Bump, set, spike, score! Students will participate in a variety of sports involving a net! This means lots of badminton, volleyball, basketball, and more!

##### Drawing 101 (A) 2:45-4:00

Calling all aspiring artists and avid doodlers! Do you love to draw? This class will teach the basics of drawing and use different mediums and help students improve their skills. Open to all grade and experience levels!

##### Think Tank (A) 2:45-4:00

Designed for those who have homework to complete, or enjoy challenging themselves by completing grade level worksheets, brain games, or reading time!

##### Just Dance! (B) 4:15-5:15

Get your dancing feet ready! We will be exploring different kids of dance and music each week

##### Crochet Club (B) 4:15-5:15

Get your crochet hooks ready! We will be making all sorts of colorful creations. From beginner to advanced, all skill levels are welcome.

##### Myth Busters (B) 4:15-5:15

De-bunk popular myths with a collection of fun hands-on science experiments made popular from the hit TV show Myth Busters.

##### Duct Tape Art (C) 5:15-6:15

Duct Tape can be used for just about everything. We will use all shades and colors of duct tape to create awesome works of art to take home!

##### Circle Games (C) 5:15-6:15

Frogger, Pattern Detective, and Mafia are only some of the fun, interactive circle games we will be playing in this class!

#### THURSDAY

##### Coloring Club (A) 2:45-4:00

Get your crayons and markers ready! Each week we will pick a new theme and students can get creative with Crayola! They will have a chance to make their own coloring sheets to share with the class.

##### Cardio Blast (A) 2:45-4:00

Keep yourself active every day! Each week we will be playing a variety of running and tagging games to keep the kids active and moving.

##### Edible Science (A) 2:45-4:00

Students will have a blast completing these fun, hands-on experiments that they can EAT! From edible playdough , to rock candy, and grape towers, kids are sure to have a great time.

##### Games of Strategy (B) 4:15-5:15

Whether we are playing board games like risk, or running games like capture the flag, we will be learning all about strategy. All levels are welcome to learn about rules, strategy, practice & have fun.

##### Playground Games (B) 4:15-5:15

Play some classic playground games like 4-square, wall ball, and kick the can in this fun, fast-paced class.

##### Think Tank (B) 4:15-5:15

Designed for those who have homework to complete, or enjoy challenging themselves by completing grade level worksheets, brain games, and reading time.

##### Zentangle (C) 5:15-6:15

Do you zentangle, or want to learn how? Zentangle is described as "artistic meditation". It is a method of creating beautiful and really cool images by drawing structured patterns.

##### Under the Sea (C) 5:15-6:15

Take a dive into the ocean and learn about sea creatures, marine plants, and other deep blue discoveries.

#### FRIDAY

##### Building Boom (A) 2:45-4:00

With Legos, K'nex, blocks, and other building materials we will be building new structures and creations each week.

##### Game On! (A) 2:45-4:00

Play a variety of games in this fun class! We will play all of the favorite gym games, field games, board games and more! Students will be encouraged to share, teach, and create fun games!

##### Kids With a Cause (A) 2:45-4:00

Students will get a chance to give back to our community in this class through a variety of service projects. We will be teaming up with Seattle Parks and recreation to improve the brig and help those in need.

##### Comic Book Club (B) 4:15-5:15

Comics are a great form of visual learning. Students will have fun learning to draw while composing stories and creating their own comic books. They will focus on creating characters and telling stories through pictures and dialogue.

##### Gym Games (B) 4:15-5:15

This class is for everyone! Well play all of the favorites. Everything from dodgeball and pin-down to fire in the forest. Sportsmanship will be a focus.

##### Kids U Chefs (B&C) 4:15-6:15

Each week, kids will learn how to prepare a new healthy dish. At the end of the session they will leave with a cookbook to share their new skills with family and friends.

##### Friday Funtivities (C) 5:15-6:15

A combination of physical activity games and classic board and card games to keep their Friday afternoon's fresh and fun.
